

Training for A3k

- How to search for and assign articles/Collections
 - My Lessons
 - Collections: remove or add to auto-assign
 - Search under subject or search bar
 - Narrow by “factors into Lexile adjustment”
 - Assign to all classes
- Which articles count for Lexile adjustments
 - Technology Enhanced
 - 5-Step
 - Article + Activity
- Certain reports that will best help with implementation
 - Student Work
 - My Lessons
 - Activities
 - Limit the range and user if desired
 - Performance Reports
 - How are my students performing on reading skills?
 - Relevant to all
 - How are my students performing on activities?
 - Activities at 75% or higher
 - Lexile (with an external chart for Lexile to grade-level expectation)
- Classroom celebrations and accountability
- Sharing campus data
 - Overall trend: high quantity, low quality
 - On average, kids are doing more than one a week but scoring poorly.
 - No excuse for poor scores; the articles are literally on their level
 - Lexile growth despite less than ideal implementation
 - Attached
 - 73 students who have completed no activities
 - Not all MOA kids either
